| 327680- 005637 | 17 | | We were to operate on the left of the 7th Armoured Division to cut the enemy's communications between the 2 cities. At 1400hrs the Battalion crossed the Brigade Start Point for a move to the area RETHEN(1165) where we were to concentrate for the night. It was a distance of some 60 miles and the Battalion was not in its new area (005637) before 0100hrs | | |
| 005637 3685 | 18 | | Towards evening there was an Orders Group SOUTH of SOLTAU (4189) at which we were told that the Brigade Group would concentrate in that area for the night. (3685) before striking WEST to TOSTEDT(3122) the following day with the object of capturing ZEVEN(0323) and cutting the Autobahn linking BREMEN and HAMBURG. | | |
| 3685 1821 | 18 | | The Grenadier Group, who were in the lead, crossed the railway line in TOSTEDT at 1400hrs, and with only minor opposition succeeded in cutting the Autobahn and pushing on to within 3 miles of the final objective. The Battalion Group, moving up behind, took over the responsibility for the area SITTENSON (1821) and the Autobahn crossings NORTH and WEST of it, where we remained for the night. | | |
| 1821 | 20 | | The Grenadier Group set off at first light for ZEVEN but soon met heavy opposition and were compelled to halt. Meanwhile the Battalion Group had been ordered to send a Company, Squadron Group to ELSDORF(0817) Apart from a few mines the village was occupied without incident and patrols were sent to WISTEDT (060195) and WEHLDORF(035170). The latter patrol being on the main ROTENBURG-ZEVEN road, obtained a satisfactory shoot at enemy transport moving NORTH from ROTENBURG(1203) By evening the Autobahn from SITTENSON to ELSDORF was clear and in use | | |

| 1821- 1020 | 21 | | A number of prisoners were taken during the day mostly from the Grossdeutschland Brigade. A strong counter-attack, which was subsequently proved to have been made by the 2 Battalions of 104 Panzer Grenadier Regiment (15 Panzer Grenadier Division), was launched, supported by, Artillery, Mortars, and Self-Propelled guns, on to the area ELSDORF-WISTEDT shortly after first light. The situation was serious for a time, as a Platoon and Troop occupying WISTEDT were surrounded and cut off from the main body. Only one tank with the Tank Commander and Platoon Commander with 4 men managed to get back to the Company area. Elsewhere in spite of bitter fighting and heavy shelling on our forward areas, the enemy attack had been beaten off by midday. Another Coy/Squadron Group was sent down to ELSDORF and the situation was firmly stabilized. During the evening the remaining Coy/Squadron Group moved to FRANKENBOSTEL(0821) and Battalion HQ to RÜSPEL(1020). At about dusk 16 bombs were dropped on ELSDORF fortunately causing very few casualties. The firing of Verey lights from the ground seemed to be co-ordinated in the tactical picture, but it was not followed by any counter-attack. | | |
| 1020 | 22 | | At about 0200hrs a Self-Propelled gun made a demonstration to the EAST of ELSDORF but when the defensive fire tasks were fired, it quickly withdrew again. Apart from active patrolling by our own troops which ensured that the enemy were still in the area, the day was a quiet one with no sign of enemy activity on the scale of the previous day. Prisoners taken during the day tended to confirm the impression that | | |
