

Headquarters
Tyne Garrison
Newcastle on Tyne

I beg to endorse and to recommend the application from Acting Captain W.R.Hall Signal Troop of this Brigade for a transfer to the Signal Service. From his technical training before he joined up on outbreak of hostilities and from his work since then with Signallers it appears to me his services would be of more value to the Country in the Signal Service than in any other branch where his experience would not avail him .

The telephone Service organised by Captain Hall in this Section has been most successful.
